FAST FACTS

TELEPHONES

Using the telephone in Malaysia is fairly simple as its system is similar to that of many countries.

Local calls from public phones, whether coin or card operated, are 10 sen for three minutes. Coin phones use coins in denominations of 10 sen, 20 sen, 50 sen and RM1, and only make calls within the country. Phone cards of RM5, RM10, RM20 and RM50 are easily available from airports, petrol kiosks, most 7-Eleven stores and Hop-In outlets, also at Telecom offices within the city.

There are also credit-card operated phones at most tourist spots or use Home Country Direct at selected Telecom service outlets. These connect you directly to the operator in your home country so calls are charged to your home number.

The Central Telegraph outlet at Bukit Mahkamah, Jalan Raja Chulan, provides 24-hour services for overseas calls.

To make an IDD call, dial Malaysia's access code 00 first, followed by the country code, area code and telephone number. For country codes and assistance in calling IDD, call 108. Most hotels are equipped with IDD service with a minimal service charge. Facsimile services can be found in most international hotels.

MONEY MATTERS

Malaysia's currency is the Ringgit Malaysia (RM). Each ringgit is divided into one hundred sen. A resident and a non-resident is permitted to carry into and out of Malaysia, ringgit notes not exceeding RM1,000 per person.

A resident is permitted to carry out of Malaysia, foreign currency notes including traveller's cheques not exceeding RM10,000 equivalent per person. A non-resident is permitted to carry out to Malaysia, foreign currency notes including traveller's cheques not exceeding the amount brought in. Banks exchange foreign currency, but do shop around, as money changers may offer better rates without imposing a service charge, as do some banks.

Passports must be presented when cashing traveller's cheques at banks and a commission is payable to the bank. When travelling to smaller towns, ensure that you carry enough cash.

BANKS

Both international and local banks operate in Malaysia. You may also find a number of merchant bankers, finance companies and offshore financial institutions established in Malaysia. Banking hours are from 10am to 3pm on weekdays and 9.30am to 11.30am on Saturdays.

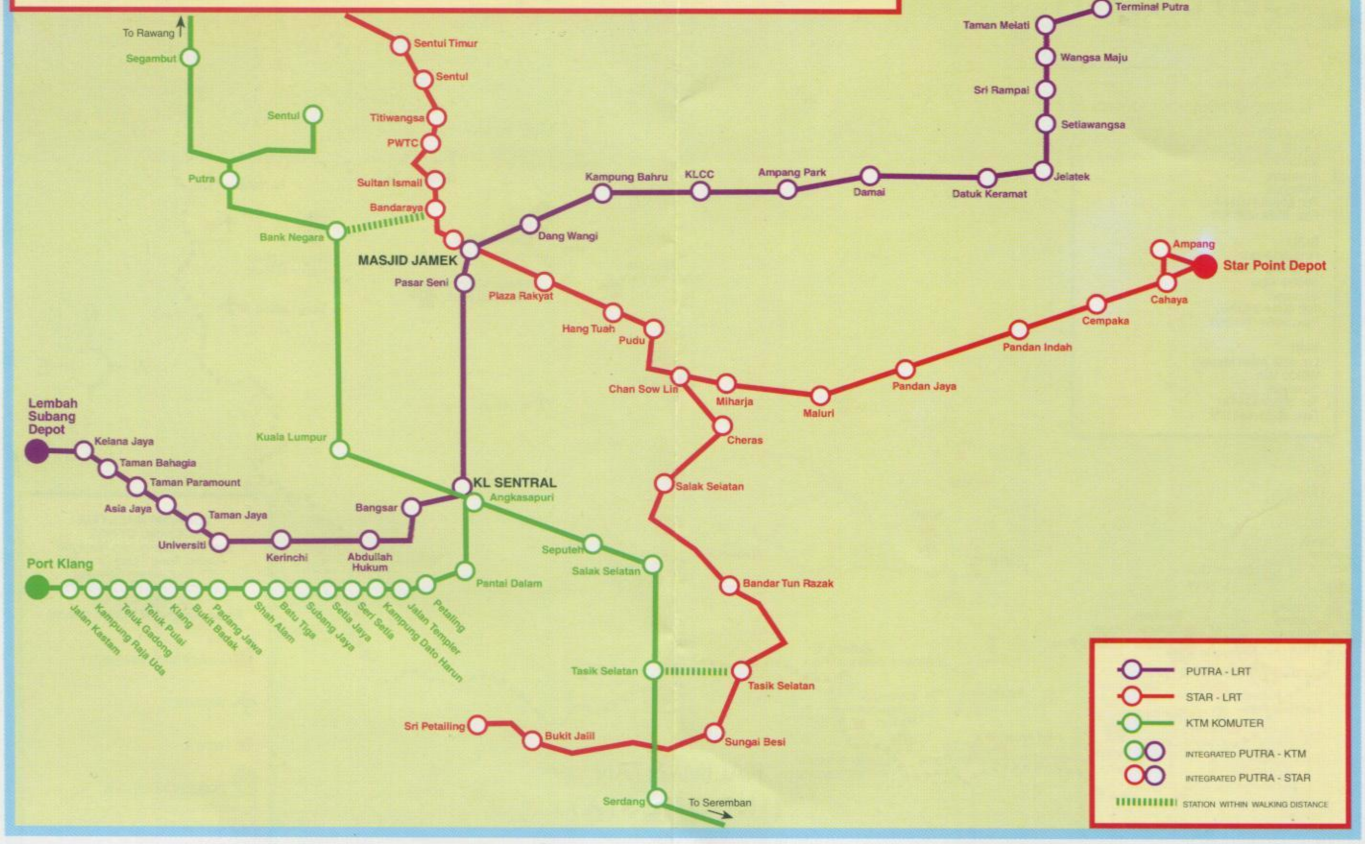

POSTAL SERVICES

Most international hotels provide postal services at the front desk. Stamps and aerogrammes may be sold at small Indian sweet and tobacco stalls on the street corners. Local postal rates start at 30 sen. Postcards to Singapore and Brunei cost 30 sen; to other countries the cost is 50 sen; domestic postcard rate is 20 sen. Aerogrammes to any country cost 50 sen. Telegram, telex and fax services are also available from the post office which is open from 8am to 6pm, most post offices are open from 8am to 5pm, while some post offices are open until 10pm. Call the General Post Office at 2741122 for further information.

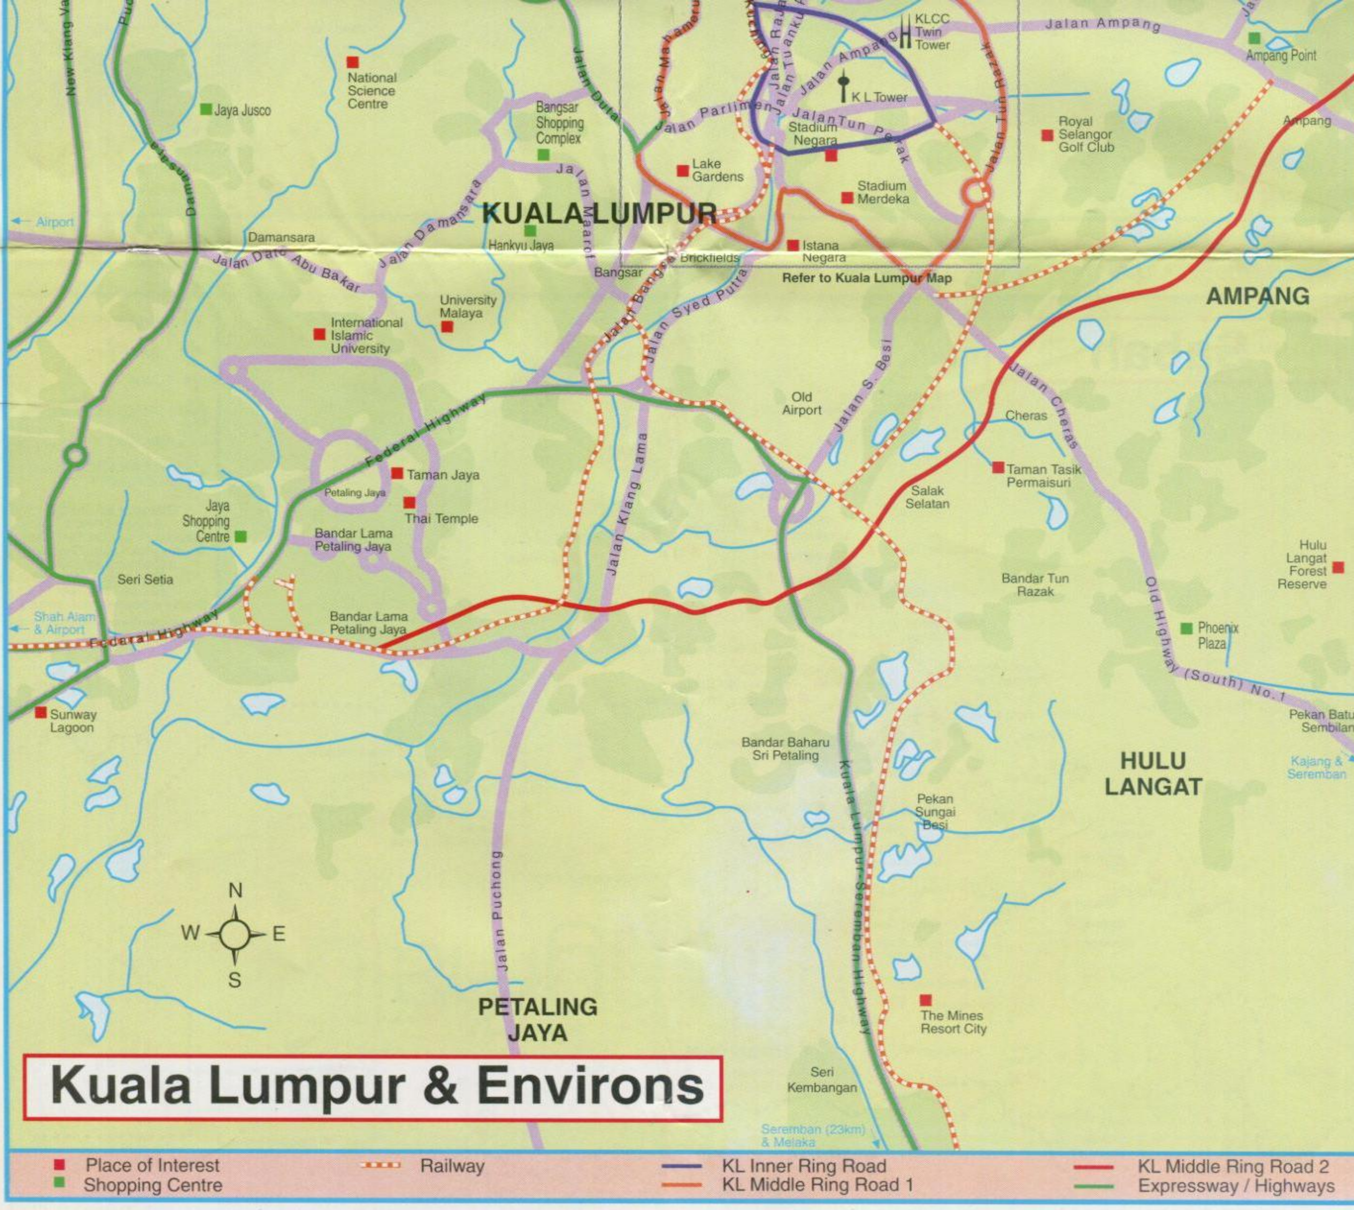

TIPPING

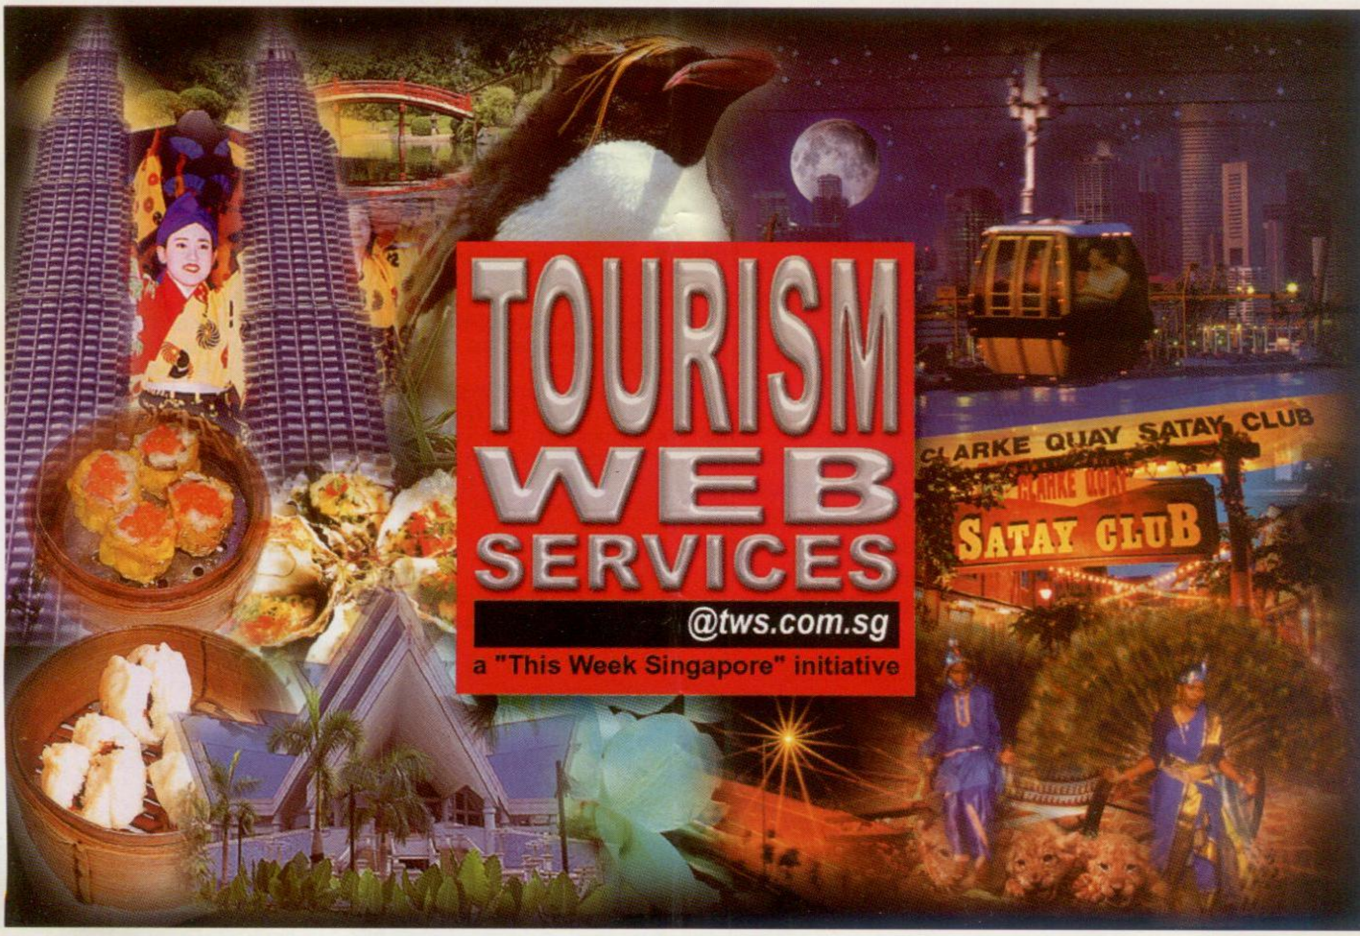

It is not a local custom to tip in Malaysia and it is not encouraged. However, in international and large hotels, bellboys, room service staff and porters do expect tips from 50 sen to RM2 depending on service rendered. A service charge of 10 percent and a 5 percent government tax is levied on food, drinks and accommodation. Some restaurants also levy these charges.
